Transformed by the Spirit

Series: Transformation

John 16:7-11

Pastor Sam Owusu

The work of the Holy Spirit in transforming nonbelievers should interest every serious Christian who wants to see the salvation of the lost. Jesus told His disciples that they were being equipped to be more than conquerors in their battles for the soul of man. The Holy Spirit was to come and bring about a probing of the eternal nature of man so that their consciousness might be awoken to sin, righteousness and judgment. The good news is that convicting the unbeliever of sin is not our role as believers, but the primary role of the Holy Spirit.
