God Wants to Speak to You

Series: How to Hear God's Voice

1 Samuel 3:1-4

Pastor Sam Owusu

One of the basic truths of Scripture and fundamentals of the Christian faith is the concept that God has revealed himself to us. He is not silent, but continues to speak directly to us. In fact, God wants to have a relationship with us, which means we need to have ongoing communication with him. This involves learning how to 'tune in' daily and recognize God's voice in the midst of the noise of our own thoughts and the world's distractions. Why is this important to me?

STUDY GUIDE

Read John 10:1-29

1. Is there any resistance to hearing what God has to say to you? Then humbly accept God's message in his Word with a more open mind.
2. Do you often find yourself in a hurry with little time to hear God? If so, commit to spending a longer and deeper quiet time with God or taking the time to join a small group if you have not already done so.
3. Is your mind full of distractions? If so, write down exactly what those distractions are and replace them with a more attentive ear towards God's quiet voice throughout the day.
