Peniel Encounter

Genesis 32:22-32
Pastor Stephen Zigah

In our quest for greater heights, we need to have a personal encounter with God to experience Him at the next level. Jacob's encounter at Peniel was a defining moment in his life as wrestled with an unseen being until the breaking of the day. He seized an opportunity and battled things out until he was blessed. Although Jacob's journey of destiny was dented with many challenges, he came out as a victor. Our encounter with the supernatural is a key to our spirituality. We need to break every limitation and weight that easily pulls us back and get deeper into the things of God.
