The Audacity of Faith

2 Kings 5:1-15

Pastor Sam Owusu

The story of 2 Kings 5:1-15 is the account of a man named Naaman. The Bible describes him as an honorable soldier in his native land of Syria. He had won many victories over the enemies of his nation. His military leadership had earned him the respect of the Syrian king, as well as its people. However, he had serious medical problem—leprosy. He found no help in his own country, but he had heard that there was a cure available in Israel.
