## **Sowing and Reaping**

Series: Investing for Eternity

Galatians 6:7-10

**Dr. Sam Owusu**

**G**od has established some absolute principles in His universe that operate in every sphere of life. These principles cannot be violated whether they be in the moral, spiritual, or physical realm. One of these principles is summarized in Galatians 6:7: “Whatever a man sows, that’s what he will reap.” So if a farmer wants to have a harvest, he has to sow seed in the field; otherwise there will be no harvest. And Paul says the same principles apply in our financial giving.
