Giving by Faith

Series: Investing for Eternity

Hebrews 11:4

Dr. Sam Owusu

Living by faith is at the very core of the Christian experience. We walk by faith when we accept Christ as our Lord and personal Saviour. We trust in a God that we have not seen and cannot see. Moment by moment we continue to trust him and place our future into His loving hands. And giving to God is part of the journey. When we give to God, we are doing something that is so faith-related that we see God more than in almost any other spiritual activity. We do not live and walk by sight. We live and we walk by faith.
